## Tea Range

CERTIFIED ORGANIC AND WILD GROWN TEA

## PIONEERS OF THE TEA WORLD

### Supporting Healthy Living

When Teavision was founded in 2014 our aim was to create a brand that could help make a meaningful difference in people's everyday lives, by providing natural products that support healthier living. With those values being our foundation, we resolved to offering greater quality, value and customer service than was currently on offer on the Australian tea scene. Since those humble beginnings, we've worked hard, became a multi-award-winning company and built a strong global network, enabling us to supply the finest products at ultra-competitive prices.

### Our Team

At Teavision's core is our band of multi-cultural and multi-generational team members who have a shared passion for natural ingredients and promoting healthy lifestyles. The diversity of backgrounds and experiences here enables us to create some truly unique products comprised of worldly, traditional and modern influences. Together, our mission is to make an impact in the market by continuing to grow, align ourselves with like-minded people and support businesses with similar visions on their journeys.

## Key

ABBREVIATION		DEFINITION
OP	Orange Pekoe	An unbroken black tea leaf between 8 & 15cm long which is rolled lengthwise.
OPA	Orange Pekoe- A	A premium long black tea leaf that is loosely twirled.
OP1	Orange Pekoe 1	The black tea leaves are long & a little more delicate than your standard OP grade; they tend to make a light, coppery brew.
BOP	Broken Orange Pekoe	Black tea comprising of broken segments & smaller leaf with an abundance of tips. Can be applied to both Orthodox & CTC teas.
BOPF	Broken Orange Pekoe Fannings	A smaller looking tea leaf. Its strong taste is due to its quick brewing characteristic.
FOP	Flowery Orange Pekoe	Can be either whole leaf or broken leaf Orthodox black tea with a lot of tip making it a finer quality leaf.
FBOP	Flowery Broken Orange Pekoe	Fine leaves & broken segments with a high proportion of tips.
PD	Pekoe Dust	The smallest particle of leaf size in both Orthodox and CTC teas which is normally used for tea bag teas, as they infuse quickly with the full flavor & strength coming through the tea bag material
PF	Pekoe Fannings	Small grainy particles of leaf (1 to 1.5 millimeters) sifted out of better grade teas. Fannings will make a liquor that is often as good as that of a whole leaf grade & its grade which applies to both Orthodox & CTC teas.
GOF	Golden Orange Fannings	Finely-broken pieces of tea leaf that still have a coarse texture & contain young tips/buds from early in the season.
EGCG	Epigallocatechin gallate	A type of plant-based compound called catechin which is majorly active in green tea. Known for its numerous health benefits.

# SPECIALTY Tea

TYPE	COUNTRY	REGIONS	DESCRIPTION	CERTIFIED ORGANIC	CONVENTIONAL
Black Tea	China	 Anhui & Fujian	Dian Hong Mao Feng, Keemun, Lapsang Souchong & Ripe Pu-erh. All premium black teas.		
Black Tea	India	 Darjeeling	Our premium, spring harvest OP1 grade Darjeeling. Tasting notes of delicate florals muddled with minty-fresh mountain zephyr.		
Black Tea	Kenya	 Rift Valley	Grown in the Kenyan highlands, this tea elicits mild spice, wild honey & floral undertones (OP & OPA).		
Black Tea	Nepal	 Taplejung District	Nepalese premium black tea grown at the base of Mount Everest (OP1).		
Blooming Tea	China	 Anhui	Premium green tea that is delicately rolled by hand, then slowly blooms when brewed.		
Green Tea: Sencha	Australia	 Alpine	Sencha & spring harvest tea (first flush). Tasting notes of notes of sweet and earthy grass, strong umami, nori & hints of chestnuts.		
Green tea: Genmaicha	Japan	 Kagoshima	Premium Genmaicha, a blend of sencha green tea & mochi rice for an earthy, nutty & buttery flavour.		
Green Tea: Longjing	China	 Anhui	Longjing is picked in the foggy Zejiang foothills during spring's first flush. The flavour is mellow & distinctly vegetal.		
Green Tea: Gyokuro	Japan	 Kagoshima	Japan's highest grade of green tea. This brew has light marine & fresh spinach tasting notes.		
Matcha: Ceremonial	Japan	 Kagoshima	Our finest, O-Koicha-grade Japanese matcha. Traditionally used as part of the Japanese tea ceremony.		
Oolong: Champagne	China	 Anhui	Harvested only a couple times a year during the warmer months, this rare oolong highlights nutty and floral tasting notes.
