## VEGAN ICE CREAM PROVING A HIT WITH CONSUMERS

It is not surprising that the rate of vegan ice creams being launched globally over the past few years has doubled. With people moving towards a healthier lifestyle and the current pandemic paving the way for a shift towards healthy eating, the interest in vegan ice cream is not just for those following a vegan diet.

Plant based icecreams are moving away from simple, plain flavours and offering more indulgent, luxurious flavours. Cocofrio's 8 unique flavours can certainly attest to this!
